# The Construction Equipment Industry in India

A Subscription Service

# THE INDIAN SERVICE

Off-Highway Research's Indian Service is available on an annual subscription basis, providing detailed analysis of the national equipment market and the major equipment manufacturers active in the country. An annual subscription unlocks access to the full library of more than 45 current Equipment Analyses and Company Profiles. Each report is updated on a regular cycle with up to 24 new documents added to the service throughout the course of a year.

The Indian Service also includes monthly Market Reports containing news and detailed analysis from the industry. The archive of reports, which is also made available to subscribers, goes back to 2002 and is fully searchable via Off-Highway Research's online client portal.

Our standard single-site licence allows for up to five individual users based in one location. If you require further access rights, please enquire about our multi- and global-site licence packages.
