

# THE GLOBAL VOLUME AND VALUE SERVICE

# THE GLOBAL VOLUME & VALUE SERVICE **PLUS**

## WHAT IS IT?

- Annual sales data by product, by country in unit and US Dollar terms
- Coverage of 15 equipment types and 19 individual countries
- Global market size by equipment type
- PLUS service - breakdown by up to six size classes per equipment type
- Five-year sales forecasts

## APPLICATIONS

- Establish market sizes
- Establish market sizes by weight class with the PLUS service
- Identify growth and new market opportunities
- Identify market opportunities
- Use forecasts to inform strategic plans

# THE GLOBAL VOLUME & VALUE SERVICE

Off-Highway Research's **Global Volume & Value Service** is a powerful market-sizing tool, covering 15 products and 19 major countries, plus the rest of the world. It provides annual sales data by product, by country in both unit (volume) and US Dollar (value) terms.

The premium **Global Volume & Value Service PLUS** breaks data down further, with sales volumes and values given by up to six weight/size classes per product type in each of the 19 individual countries covered. This provides 524 data points per year, compared to 224 in the standard service. Such a rich pool of information is of particular interest to clients who require a deeper and more detailed knowledge of international markets.

Our standard single-site licence allows for up to five individual users based in one location. If you require further access rights, please enquire about our multi and global site licence packages.

## ACCESSING THE SERVICE

Data is accessed via our online database, downloadable PC application for offline working or as a .CSV file. Our intuitive database package allows clients to quickly and easily build searches, making market analysis a fast and efficient task. Both the online and offline databases allow clients to manipulate data and export it directly as an Excel worksheet for easy integration with other analytical tools.

The basic Global Volume & Value Service is also available as an Excel workbook and .PDF document.

Our standard single-site licence allows for up to five individual users based in one location. If you require further access rights, please enquire about our multi- and global-site licence packages.

---

**Off-Highway Research's database services are available in Chinese, English, French, German, Italian, Japanese and Spanish.**

## EQUIPMENT COVERAGE

- Articulated dump trucks
- Asphalt finishers
- Backhoe loaders
- Crawler dozers
- Crawler excavators
- Crawler loaders
- Mini excavators
- Motor graders
- Rigid dump trucks
- Rough terrain lift trucks
  - Masted
  - Telescopic (telehandlers)
- Skid-steer loaders
- Wheeled excavators
- Wheeled loaders under 80 HP
- Wheeled loaders over 80 HP

## GEOGRAPHIC COVERAGE

- Austria
- Belgium
- China
- Denmark
- Finland
- France
- Germany
- Germany
- India
- Italy
- Japan
- Netherlands
- Norway
- North America
- Portugal
- Spain
- Sweden
- Switzerland
- UK
- Rest of the world
